To Whom It May Concern:

O'Connor Irish Heritage House – Trilium Grant Application

I am writing on behalf of the Ireland Canada Chamber of Commerce (Toronto) to confirm our support for the above organisation in it's application for Trilium Funding.

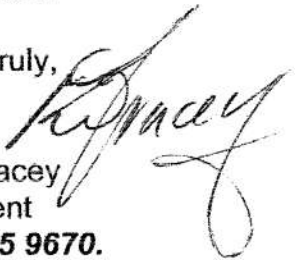

We are of the view that the project that this group has undertaken is one that will be of major benefit to Toronto's Irish / Irish Canadian community, a community that although vibrant, does not have a proper home.

We also believe the development of this property as a centre for Culture Heritage & Learning would be a great resource to the broader community at large, and certainly the restoration of this elegant old house is a project that we feel is worthy of everyone's support.

We are impressed with the progress the recently formed committee has made to date and are confident that, based on the broad level of support they have received from across the wide spectrum of Toronto's Irish community, that they have the capacity to see the project through to a successful conclusion.

I can be reached at the phone number below if I can be of further assistance in this matter.

Yours truly,

Ken Tracey
President
