Re: Senator Frank O'Connor House

I am writing in support of current efforts to restore and preserve the Senator Frank O'Connor House as a vital resource for future generations.

The O'Connor House is an important part of North York's architectural heritage and Canada's 20th century history. It is one of very few architecturally significant buildings of its time and grandeur still remaining in North York. Restoring it as an educational and cultural hub will preserve an essential link to the life and times of a great Canadian and provide an ongoing opportunity for learning and the arts.

The Senator Frank O'Connor House is too important to lose. Supporting its restoration is the right thing to do and I fully support these efforts.

Yours truly,

Michael Thompson
